DATASHEET

The Ambu® Flexible And Navigable Suction (FANS) access sheath supports your daily procedural work by promoting fast and effective kidney stone removal and higher stone-free rate. It is part of the Ambu® aScope™ 5 Uretero portfolio.

Ambu® Flexible and Navigable Suction (FANS)

Disposable FANS for the Ambu aScope Uretero portfolio

KEY BENEFITS

- Faster stone removal
- Higher stone-free rates
- Lower complication rates
- Better procedural control of intrarenal pressure
- Continuous irrigation and suction remove fluids and dust

FASTER STONE REMOVAL AND HIGHER STONE-FREE RATES
The Ambu FANS access sheath combines access, irrigation, and suction to help remove fragments efficiently during flexible ureteroscopy, thus reducing operative time.

IMPROVED VISIBILITY
Continuous irrigation and suction help clear the field of view of stone dust, fluids, and debris, so you can maintain visibility as the procedure progresses.

BETTER PROCEDURAL CONTROL
During endoscopic stone management, fluid flow is essential for visibility, but it must be managed carefully. The FANS access sheath helps you manage irrigation and suction during the procedure, supporting control of intrarenal pressure.

PROTECTED URETERAL ACCESS
The access sheath maintains a dedicated pathway for multiple instrument entries during the procedure.

CONSISTENT SINGLE-USE QUALITY
As a sterile single-use device, the Ambu FANS access sheath delivers consistent performance with no concerns regarding degradation of quality or cross-contamination.

SPECIFICATIONS

Description	
Device Type	Flexible & Navigable Suction Ureteral Access Sheath
Dilator	Removable Dilator with Tapered Tip
Distal End	Reinforced & Bendable for Navigation
Suction	Slider Regulated
Stone Collector	180 mL max capacity (sold separately)
Hydrophilic Coating	Yes

Sizing	
Working Lengths	400 mm (15.75”) 500 mm (19.69”)
Inner Diameter	10 Fr / 3.33 mm (0.13”) 11 Fr / 3.67 mm (0.14”) 12 Fr / 4.00 mm (0.16”)
Outer Diameter	12 Fr / 4.00 mm (0.16”) 13 Fr / 4.33 mm (0.17”) 14 Fr / 4.67 mm (0.18”)

Sterilization	
Method of Sterilization	ETO

ORDER SPECIFICATIONS

Product	Item no.	Quantity
FANS ureteral access sheath 10Fr-12Fr-400mm MP	UASS-100-400	5 pcs.
FANS ureteral access sheath 10Fr-12Fr-500mm MP	UASS-100-500	5 pcs.
FANS ureteral access sheath 11Fr-13Fr-400mm MP	UASS-110-400	5 pcs.
FANS ureteral access sheath 11Fr-13Fr-500mm MP	UASS-110-500	5 pcs.
FANS ureteral access sheath 12Fr-14Fr-400mm MP	UASS-120-400	5 pcs.
FANS ureteral access sheath 12Fr-14Fr-500mm MP	UASS-120-500	5 pcs.
Stone collection bottle 180ml MP	SCB-180	25 pcs.
